Introduction

We have pleasure in presenting this the fourth edition of Henderson's Lethbridge City Directory. The canvas of the city, necessary to the publication of this work, clearly indicates that the city is of a permanent character and we have endeavored to faithfully chronicle progress, for it is generally recognized that there is no better means of spreading information concerning a city, or of making known its commercial and social advantages than through the medium of a thorough, up-to-date City Directory. Such a work we have endeavored to make this present issue.

The Classified Section in the back part of the volume, like the Miscellaneous, is so arranged as to be of the greatest value for ready reference. The information in both sections is comprehensive and pertains to everything regarding the City.

The publishers desire to thank their patrons and the general public for the unfailing courtesy shown their representatives, and also to say that they appreciate most thoroughly the confidence which the business men of Lethbridge have had in them and their work.

Very truly,

HENDERSON DIRECTORIES ALBERTA, LIMITED.

PART I.

City of Lethbridge

Lethbridge is an incorporated City (May 9th, 1906), situated on Sec. 31, Tp. 8, Rg. 21 West of the 4th Meridian. It has an altitude of 2,984 feet above sea level and 307 feet above the level of the Belly River. It is the commercial and distributing centre of Southern Alberta. It is the divisional point on the Crow's Nest Pass division of the Canadian Pacific Railway and all branch lines of that company in this district (five) radiate from this city. With the completion of the Lethbridge-Weyburn subdivision and the Midway-Hope section of the Canadian Pacific in 1915, Lethbridge will be located on an

C. P. R. High Level Viaduct

air line southern route between Winnipeg and Vancouver. There will also be another alternative route to the Coast through Lethbridge via Cranbrook, Golden, now nearing completion.

Lethbridge utilities: The water system, sewerage system, electric power and light system, street railway and coal mine are all municipally owned. The fact that the City owns its own coal mine enables it to supply cheap electric power for manufacturing purposes at 2c per K. W. H. and at flat rates varying from \$13 to \$21 per H.P. per annum according to the quantity used.

It is the headquarters of the District Court and the District Judge resides here. Supreme Court sittings are held here regularly.

It is the seat of the Dominion Lands Office for the district.

It is the headquarters of K Division of the Royal North West Mounted Police.

It is the chief customs port of Southern Alberta.

The climate is ideal and there is very little winter.

The Canadian Northern Railway and the Grand Trunk Pacific Railway both have charters for lines running to Lethbridge.

Lethbridge is the first city in Canada to adopt straight commission government.

Mayor—W. D. L. Hardie

Commissioner Public Works—A. M. Grace

Commissioner Public Utilities—Arthur Reid

AGRICULTURE

Lethbridge is the centre of 120,000 acres of excellent irrigated land as well as of a large dry farming district. The total shipments of grain from Alberta September 1st to December 31st, 1913, was 21,300,000 bushels. Of this volume 16,800,000 bushels or 78% originated south of the 51st Parallel or south of Calgary and 10,000,000 bushels actually passed through Lethbridge to market. Had the Panama Canal been open last fall, fully 5,000,000 bushels more of last year's crop would have had its logical outlet through this city. The irrigated land produces splendid alfalfa which is fed locally to live stock, the better grades being marketed and shipped as far west as Nelson, B. C.

At Nobleford, a few miles northwest of the city, the Noble farm with 3,851 acres in crop in 1913 produced 332,677 bushels of grain, the average gross yield was \$24.93 per acre.

Kind of Grain	No. Acres	Yield	Average
Oats	2,889	289,648 bushels	100 bushels
Barley	462	28,365 bushels	61 bushels
Wheat	306	11,683 bushels	38 bushels
Flax	203	2,981 bushels	14 bushels

This was on summer fallowed crop.

The Dominion Government maintains a large experimental farm three miles east of the city, where experiments are carried on with grain growing, fruit, vegetables, etc. The operations of this farm in the direction of stock feeding experiments are being extended.

The Canadian Pacific Railway reports show the great strides being made in diversified farming, especially in the raising of live stock for which this district is adapted owing to the abundance of alfalfa grown on the irrigated land. In the whole of 1913 the district shipped 26,489 hogs; shipments for January, February and March alone of 1914 totalled 20,232.

POPULATION

Lethbridge's population is given by the Dominion census of 1906 as 2,313. The police census taken in 1913, 11,000.

COAL MINES

Lethbridge coal mines, another large asset, must not be forgotten. Figures obtained from the Chief Inspector of Mines for the Province show total output for 1913 as 4,306,346 tons; men employed 8,068. Lethbridge mines produced 744,967 tons or 17.3% of the total and employed 1,468 men, while Lethbridge and district (Crow's Nest Pass) produced 2,800,353 tons or 65% of total output and employed 4,368 men.

Coal is delivered in the city during the year at \$4.50 per ton, while slack coal for industrial purposes can be had at 50c per ton.

PAYROLL

This varies owing to the fact that for three months in the early summer the coal mines are not operating at capacity. At all other seasons the city has a payroll of one-quarter of a million dollars per month.

INDUSTRIES

Lethbridge is the industrial centre of Southern Alberta. It has a number of large wholesale houses and jobbing concerns.

It is the headquarters for Southern Alberta for all implement houses. The International Harvester Company has just completed a \$100,000 warehouse.

It has six large coal mines.

Three brick yards with an annual output of 7,000,000 bricks.

A \$500,000 brewery plant.

An iron works.

Two flour mills with a daily capacity of 625 barrels.

A macaroni factory employing 15 to 20 hands

Two large and several smaller planing mills and sash and door factories.

Two cigar factories.

And numerous other industries.

PARK SYSTEM

Lethbridge cannot be mentioned without reference to its magnificent park system. On arriving at the depot one is struck by the appearance of a beautiful park or garden situated in the centre of the business section of the city, covering an area of ten acres (four blocks). It is entirely surrounded by trees and intersected by wide cement sidewalks lined with beds of flowers and shrubbery. To the east of the city is Henderson Park, covering some 300 acres and including an 88-acre artificial lake and the exhibition grounds which contain as fine a set of fair buildings as will be found in Western

Canada. The lake affords splendid boating for the people and regattas are held weekly during the summer months, and in the winter time it is ideal for skating.

Lethbridge is up-to-date in every way, and visitors express pleasure and surprise that there should be such a beautiful spot on the open prairie. All the residential streets are boulevarded with grass and shade trees.

Galt Park

WATERWORKS PLANT

One Worthington horizontal triple expansion, duplex pump, 12 and 19 and 30x13½x24, rated at 2,000,000 imperial gallons per 24 hours.

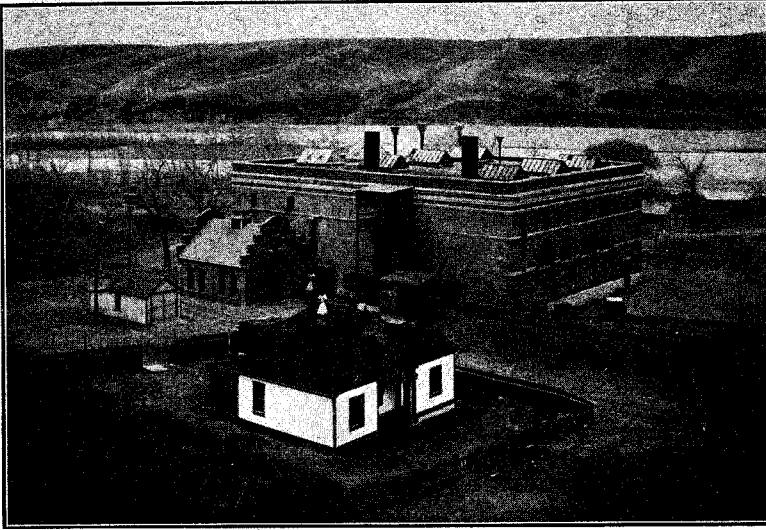

Two John McDougall 6-inch, 3 stage vertical turbine pumps, rated at 750 imperial gallons per minute each at 1,150 r.p.m.; driven by two Allis-Chalmers-Bullock, 150 h.p., 2 phase, 2,200 volt motors.

Two John McDougall, 6-inch single stage horizontal turbine pumps for boosters, driven by Allis-Chalmers-Bullock 50 h.p., 2 phase 2,200 volt motors at 1,150 r.p.m.; rated at 750 gallons per minute each.

The two 3 stage pumps operate at a normal pressure of 165 lbs. per square inch, which gives a pressure of about 40 lbs. in the City.

The two booster pumps are in a by-pass around a check in the discharge from each of the other pumps; for fire purposes the valves in the by-pass are opened and the booster started, when it takes the water from the other pumps at 165 lbs. pressure and increases it to 225 lbs.

The pumps are nearly 300 feet below the level of the City.

Lethbridge Power Plant

ELECTRIC LIGHT PLANT

The electric light plant was entirely rebuilt at a new site beside the present waterworks pumping station. A new fireproof building constructed and eight new boilers, one new 350 Kilowatt generating set and one new 2,000,000 gallon per day waterworks pump installed; also one 588 K.W. generating set, one 1,500 K.W. high pressure steam turbine.

Postal Information

RATES OF POSTAGE

FIRST-CLASS MATTER.

LETTERS

Letters posted in the City addressed for delivery in City or within the district covered by Letter Carrier Delivery, 1 cent per ounce or fraction thereof.

Letters addressed to places in Canada, Mexico and United States, including Guam, Hawaii, Panama Canal Zone, Philippine Islands, Porto Rico and Tutuila, 2 cents per ounce or fraction thereof.

Letters addressed to places in Canada must be at least partially prepaid, and those addressed to Mexico and the United States must be prepaid at least a full rate (2c.). Otherwise they will be sent to the Dead Letter Office.

Letters addressed to places in Canada and partly prepaid will be forwarded, subject on delivery to double the amount of unpaid postage.

Letters for the United States should bear the name of the State as well as that of the Post Office.

Letters addressed to mere initials, or fictitious names, will not be delivered unless addressed in care of a resident or to some box in the Post Office.

Letters addressed simply to a street number or to a room number in a specified building without the name of a person, firm, etc., may be delivered, provided there is only one household or firm in occupation of the premises indicated; otherwise letters so addressed will be sent to the Dead Letter Office as insufficiently addressed.

Every letter for the city should bear name, street and number, no matter how well known the name may be; otherwise it is an incomplete address, and delivery may be delayed.

The abbreviations St. and Alta. are often so scribbled as to be indistinguishable. The word City, or Lethbridge, should always complete city address.

RE-DIRECTED LETTERS.

Re-directed letters are not liable to any additional postage if handed back to the Post Office with a changed address at the moment of delivery or as soon as possible thereafter, provided always the change in the address does not require the letter to be sent to any place to which the postage rate is higher than was at first payable. In this case the additional postage, if not prepaid, will be collected on delivery.

Re-directed letters should not be dropped into a Post Office Box or Receiver unless additional postage has been put on to carry them to their second destination.

REQUEST LETTERS

Letters from places in Canada, Newfoundland, Mexico and the United States, covered by envelopes, bearing a request, either printed or written, that the letters be returned to the sender if not delivered within a certain specified time, will be returned as requested if not delivered in the time stated.

Requests, whether printed or written, on packages of Third or Fourth-class matter, and on transient newspapers for return in case of non-delivery, will be complied with; but a charge will be made for such direct return equal to the original postage charge.

SPECIAL DELIVERY LETTERS

Letters are sent to their City Addresses between 8 a.m. and 7 p.m. daily, except Sunday, bearing, in addition to the usual

prepayment of 2 cents an ounce, a "special delivery" Canadian stamp, addressed to the following cities in Canada: Berlin, Brandon, Brantford, Brockville, Calgary, Charlottetown (P.E.I.), Chatham, Ft. William, Edmonton, Fredericton, Galt, Guelph, Halifax, Hamilton, Hull (Que.), Kingston, Lethbridge (Alta.), London, Moncton (N.B.), Montreal, Moose Jaw (Sask.), New Westminster (B.C.), Niagara Falls (Ont.), Ottawa, Owen Sound, Peterboro, Port Arthur, Quebec, Regina, St. Catharines, St. Hyacinthe, St. John, St. Thomas, Sarnia, Saskatoon (Sask.), Sault Ste. American Special Delivery Stamps may be obtained at the Stamp Counter.

POST CARDS

For Canada, Mexico and the United States, 1 cent each. For Great Britain, Newfoundland and all Postal Union countries, 2 cents each. Reply cards for Canada and the United States, 2 cents each. Nothing must be attached to a Post Card.

Private Post Cards may have a reply card attached bearing 1 cent stamp.

Post Cards (official or private) may be posted in Canada addressed for delivery in any Postal Union country, postage 2c. each. Such cards are admissible as "printed matter," provided they conform to the regulations governing same, in which case the postage rate is 1c. each.

The limit of size for a Private Post Card (Domestic) is 6 in. long by 3½ in. wide.

The British Post Office will recognize as entitled to return to this country the reply halves of Canadian Domestic Reply Post Cards upon which the additional 1 cent postage stamps required have been affixed.

For fear of the reply side of a double post card becoming uppermost, enclose it in a small India-rubber ring.

Legal Documents and Commercial Papers

Legal Documents and Commercial Papers, and all other matter either wholly or partly in writing (except the matter specially mentioned under Third-class), are liable to letter rate of postage, 2 cents per ounce, when posted for delivery in Canada.

These papers may be sent to Great Britain, Newfoundland, United States, and all Foreign countries at 5 cents for the first 10 ounces, and 1 cent for each additional 2 ounces. Must be sent in covers open at the ends, so as to be easy of examination.

FOURTH-CLASS MATTER.

MERCHANDISE, ETC.

comprises such articles of general merchandise as are not entitled to any lower rate of postage. When addressed to places in the United States, the postage is 1c. for each ounce or fraction thereof. Limit of weight in Canada 11 lbs.; to the United States, 4 lbs. 6 ozs.; of size, 3 ft. 6 ins. in length, but the combined length and girth of any packet must in no case exceed 6 ft. Matter claiming to be Fourth Class must be open to inspection, and there must be no correspondence enclosed, except invoices and accounts of the articles enclosed, (when addressed to Canada only). Packages of Fourth Class matter may be sent to the United States, including Porto Rico, Hawaii, Panama Canal Zone and Philippine Islands, if prepaid 1 cent per ounce, but the contents will be liable to Customs Inspection and collection of duty in the United States. Sealed tins containing fish, lobster, vegetables, meats, etc., if put up in a solid manner and labelled in such a way as to fully indicate the nature of their contents, may be sent as Fourth Class matter within the Dominion, but no sealed matter can be forwarded to the United States under this head. Liquids, oils and fatty substances may be sent to places in Canada and the United States as Fourth Class, if securely put up.

REGISTRATION

Money letters should always be registered. Every article intended for registration must be handed in at the wicket and a receipt obtained therefor.

The fee on all classes of articles addressed to countries to which matter may be registered is 5 cents.

The sender of a registered article posted in Canada for delivery in Canada, or in any other Postal Union country, may entitle himself to a certificate as to the disposal of the said article by the Postmaster at the office addressed, on prepayment of an additional fee of 5 cents. All classes of matter may be registered to all destinations in Canada and (with the exception of that sent by parcel post) throughout the Postal Union; and letters may be registered to most of the countries not included in the Union.

Senders of registered articles are requested to put their names and addresses in the upper left hand corner of the cover.

The public are reminded that registered letters are only carried on trains that are accompanied by a railway mail clerk. Hence a registered letter and an ordinary letter posted simultaneously will often be received at different times.

In case of the loss in the Postal Service of a registered article posted in Canada for delivery in Canada, the addressee, or, at the request of the addressee, the sender, is entitled to an indemnity, which in no case shall exceed twenty-five dollars, or the actual value of the lost registered article when the same is less than twenty-five dollars, provided no other compensation or reimbursement has been made therefor.

GENERAL POSTAL INFORMATION

A large number of letters reach the Post Office every day which are undeliverable, by reason of the absence of street and number from the address, while serious delays and vexatious errors occur all the time from the same cause. Whether in business or residential districts, "street and number" form an indispensable part of the address of letters. If business men, however well known, have their street and number printed on their stationery, their correspondents avail themselves of the information, and the Post Office and public are both benefited. Delay to the extent of at least one delivery must occur when reference to the City Directory is necessitated.

CITY LETTERS.—Where an addressee's name is in the City Directory, the writer has the same means of completing the address as the post office has, and delay in delivery is avoided.

A street runs sometimes for miles under the same name, and a dozen or more carriers serve its several parts. Where the house number is omitted from the address in such streets, the letter will be returned to writer for amended address, instead of, as heretofore, being tried on every carrier serving that street, and prompter delivery will result. If referred to our Directory Clerks, the wrong person must often be "tried" and time is lost in the same way.

Thinking to save trouble in their own offices, persons mailing circulars, catalogues, etc., in large numbers often address them omitting street and number; thus entailing certain delay in sorting and equally uncertain delivery. Banks and companies posting notices and dividend cheques are constant offenders in this way. In the interest of the senders these will be returned in bulk for better address.

Persons living in the neighborhood of the Post Office sometimes complain that they receive letters no earlier than those who live in the suburbs. It would seem almost unnecessary to state that every carrier begins his walk practically at the same time. The position of a house in the carrier's walk governs the time at which letters are received there. These walks are meant to be covered in one hour, or two, according to district and the number of deliveries made in the day. The hour of the first delivery accords with the arrival of morning trains from the East; and a majority of people object to receiving letters before 8 a.m.

Merchants or others having much mail matter to post at or about 6 p.m., when their offices close, are advised to insist on

their messengers carrying the matter to the General Post Office, thus avoiding occasional overfilling of the street letter boxes in the central district.

Persons posting circular notices of meetings, etc., where immediate despatch is of importance, would do well to hand them in at the Post Office with intimation to that effect.

The growing habit of using in an address the fancy title of a house, instead of merely the plain street and number, is a frequent source of error at the sorting cases, where the work has to be done by a rapid glance, and the title of the house happens also to be the name of a post-town.

A Carrier is not required to leave letters at any house where he may be in danger of a vicious dog. The owner must call at the General Delivery, till the dog is tied up or otherwise disposed of.

Many persons telephoning to the Post Office resent the reply that their request must be put in writing. But obvious mischief might result from orders for the disposition of correspondence given by an unrecognized voice.

Unused Postage Stamps not being redeemable by the Department should not be used for the remittance of small sums of money, as Postal Notes have been introduced for that purpose.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer or to any other person.

The sending of a letter or any communication or document subject to letter postage in an open cover does not in any way diminish its liability to letter rate of postage.

Letters bearing mutilated stamps, or stamps so soiled and defaced as to make it impossible for the sorting clerks to decide whether they have been used before or not will be sent to the Postmaster General for his adjudication.

DETAILS OF LETTER CARRIER DELIVERY.

All City drop letters must be addressed with Street name and number thereon or same will be returned for better address.

All 2nd, 3rd and 4th class matter must be fully addressed to Street and number or it will be returned for fuller directions.

USEFUL HINTS.

Register all valuable letters, and use, except on those for hot countries, sealing wax for letters containing money.

Transmit money by Money Orders or Postal Notes.

Make complaints and inquiries in writing, and be as precise as possible.

Preserve and request Correspondents to preserve envelopes of mis-sent or delayed letters.

Send to the Postmaster envelopes of letters about which you seek information or make complaint.

Business men should be careful to authorize but a limited number of persons to receive their letters and only those in whom they have full confidence.

Please return promptly to the Postmaster, or at the Enquiry Office, misdelivered letters or other mail matter.

Letters and paper should be addressed to the Street and Number at which they are to be delivered.

Notice of Change of Residence should be promptly given to the Postmaster in writing, and renewed at the expiration of three months (or one month in cities), or it will then lapse.

In addressing letters, add the name of the Country in which the Post Office addressed is situated; if to a city, add street and number.

Letters for the United States should be addressed to the State as well as the Post Office.

A letter addressed to a particular street will be taken out by the Letter Carrier and not delivered at the wicket, unless returned by Letter Carrier.

A Letter or Packet once posted becomes the property of the person to whom addressed, and must be forwarded to its destination. On no application, however urgent, can it be delivered back to the writer. Business men are requested not to ask for the return of letters posted by mistake or otherwise.

The indemnity for International Mail is limited to \$10.00.
